

A Magical Connection

CARD Equestrian Clinic With Elaine Potter March 14 and April 11, 2010

CARD, the Community Association for Riding for the Disabled, is offering the opportunity to ride with Elaine Potter at our beautiful facility in North Toronto. This will be a two-part clinic in which participants will ride a dressage test for Elaine on March 14, who will judge and provide feedback on the quality of the test and warm-up. Riders may return on April 11 and ride the test again, in order to see how much they have improved. Riders are encouraged to participate in both clinics in order to track progress between sessions, and a discount will be given to those who participate in both. Individual clinic participants are also invited to attend. All proceeds from this event will go to benefit our therapeutic riding program.
